SLIPKNOT IMPERIAL IPA

A great way to welcome the new year!

As the name implies, every aspect of this American style IPA is amplified - from the upfront hop aroma and bitterness to the big malt body. This year we pumped up the American citrus-fruity hop character with Warrior, Summit, and Brewer's Gold hops. Pale, crystal and Munich malts add the punch of malt and mouth feel to balance the hops. The golden-orange hue glows like the late winter sun.

Brewers are kinda like mad scientists. We're always tinkering away with some new recipe in our lab (insert maniacal laugh here). Back in 1998, we decided to let our own mad scientist brewmaster, John Harris, unleash his brewing chops on the public. The result: our rotating selection of Brewmaster Reserve beers. From barleywines to super-hopped bitters, John springs his latest invention on devoted beer lovers roughly every 10 weeks.

Enjoy!

The Brewmaster Reserve Program is designed to offer special beers, created by our Brewmaster John Harris. This is a unique program. Any questions about this program call 503-222-5343.
