

THE GLENFIDDICH STORY

Unlike lesser single malts, Glenfiddich has remained independently owned by the same pioneering family who hand built the distillery in 1887. Each generation is driven by their forefather's vision to craft the finest malt in Speyside, and the legacy they bestow future generations. This unique sense of familial duty, passion and pride forges a long term commitment to creating a truly great single malt "without compromise". Today, unrivalled investment in innovation, skills and the ingredients make their signature Glenfiddich 12 Year Old better than ever before. And the critics agree. In a 2007 Financial Times blind tasting it outscored both The Glenlivet and The Macallan.

Glenfiddich 12 Year Old

Glenfiddich Special Reserve is the world's favorite single malt Scotch whisky, available in over 180 countries around the world. It is aged for 12 years in oak barrels and is the only Highland single malt to be distilled, matured and bottled at its own distillery.
