

HENDRICK'S®

DISTILLED *and* BOTTLED IN SCOTLAND

The world has long been filled with ordinary things that conform to one's expectations (Wellingtons, potatoes, sausages, mathematics text books and humdrum gins spring to mind). We are happy to say that Hendrick's could never be counted among such things. Life is simply too glorious not to experience the odd delights of Hendrick's Gin, featuring curious yet marvelous infusions of cucumber and rose petal. Our unusual distillation process, combined with our oddly delicious set of infusions, yields a one-of-a-kind gin that is passionately loved by a tiny yet growing handful of individuals all over the world. No other gin tastes like it because no other gin is made like it.

TASTING NOTES

Curiously smooth with a superb balance of botanicals, Hendrick's is sublimely clean and dry yet, the marvelous complexity of the nose comes through in the taste. Take note of the citrus and juniper with a subtle, supernaturally pleasurable lingering finish of cool refreshing cucumber and rose.
